#### Meet Technical Tiger, the official mascot of Forsyth Technical Community College.

The idea for Technical Tiger was developed by the Forsyth Tech student activities staff and given to Winston-Salem artist Clevell Harris. The Board of Trustees officially adopted the mascot on Thursday, April 20, 1995.

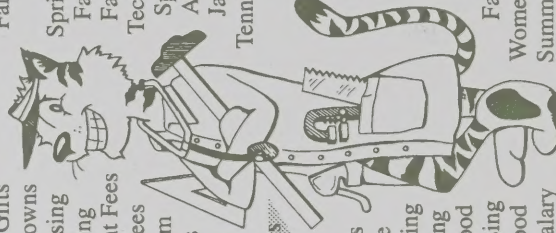

Clevell Harris retains the copyright and SGA owns the character. The following rules apply to using Technical Tiger: 1) Any use of the character must be approved by the Student Government Association; 2) Technical Tiger may not be used for profit by any private company or individual unless licensed by the SGA and the artist.

The Student Government Association of FORSYTH TECH hopes that the college and the community will enjoy Technical Tiger for many years. In the words of one member of the Board of Trustees, "We think he's grrrrreat!"

### AT FORSYTH TECH!

### The semester system is coming in the fall of 1997!

Because Forsyth Tech will switch to the semester system in the fall of 1997, changes will be made to the academic calendar (e.g., registration dates). Some of these changed dates were not available for this publication, and the academic calendar on page 4 of the current college catalog is no longer correct. The complete calendar for 1996-1997 will be available at a later date.

# Terms to Know

To help you with words used by Forsyth Tech faculty and staff, here is a list of frequently used terms and their definitions.

**Academic standing:** Entering students must earn a grade point average (GPA) of 2.0 by the end of their first quarter and maintain a GPA of 2.0 thereafter.

**Accreditation:** Various professional agencies appoint teams of evaluators who periodically study Forsyth Tech's programs and services to ensure that they meet standards of quality and are relevant to the college's purpose.

**Adult Continuing Education:** This division provides non-credit courses for citizens who are 18 years old or older. The opportunities are based on individual need and previous educational achievement.

**Associate in Applied Science:** A two-year technical degree that prepares you for the job market.

**Associate in Arts:** A two-year College Transfer curriculum that concentrates on humanities and social sciences for those planning to continue in a bachelor's degree curriculum in a senior college.

**Associate in Science:** A two-year College Transfer curriculum that concentrates on mathematics and physical sciences for those planning to continue in a bachelor's degree curriculum in a senior college.

**Audit:** A course for which you pay tuition and fees, but do not receive credit. An Audit Request Form is available in the Counseling Center or from the appropriate division dean.

**Certificate:** A curriculum of study generally requiring one year or less of course work.

**Contact hours:** The actual number of hours in class per week, per course.

**Counselor:** A person who provides you with personal, academic, vocational, and career counseling (723-0371 ext. 226, Allman Center).

**Credit hours:** Every class is worth a value called a *credit hour*. Every degree, diploma, or certificate program requires you to take a certain number of credit hours.

**Cumulative grade point average (GPA):** The average of your grades for all classes taken at Forsyth Tech. It is calculated by adding all earned quality points and dividing by the number of credit hours taken.

**Curriculum:** The program of courses required to receive a degree, diploma or certificate in your chosen area of study.

**Developmental Education:** This department offers a series of courses for preparation, remediation, and academic guidance if you do not meet the entrance requirements for the curriculum of your choice.

**Diploma:** Vocational curriculums that usually take four quarters to complete. Courses are not designed to transfer to a four-year school. **Adult High School** is a program that allows adults to complete high school courses and credits for an Adult High School diploma. **GED** is a series of tests that correspond to most high school curriculums. People who have not completed high school may choose to take these tests.

**Division:** An academic area within the college. Forsyth Tech has five: Arts and Sciences, Business Technologies, Continuing Education, Engineering Technologies, and Health Technologies.

**Financial aid:** Grants (monies given to students through the federal and state government), scholarships, and student loans are available to qualified students to help meet educational expenses.

**Full-time student:** A student who is taking at least 12 credit hours. A student who is registered for 11 credit hours or fewer in one quarter is a part-time student.

**Independent study:** A credit course, allowed only in special circumstances, in which you work individually with a faculty member. (See Forsyth Tech Catalog, 1996-97, p. 28, for more information.)

**Plagiarism:** Using ideas or words of another as your own without crediting the source. Plagiarism is a form of cheating.

**Practicum:** A course that offers hands-on experience in the workplace.

**Prerequisites:** Preliminary skills, knowledge or other courses which are required before your enrollment in a particular course. Prerequisites are listed by course and course description in the catalog. Descriptions are alphabetized by course prefix.

**Probation:** You are placed on academic probation when your cumulative GPA falls below 2.0.

**Proficiency exam:** You may, under certain conditions, take an exam and receive credit for a course without having taken the course. You will not receive a grade, just the credit hours. (See Forsyth Tech Catalog, 1996-97, p.29, for more information.)

**SGA - Student Government Association:** You can get involved in SGA activities by contacting the Student Activities facilitator in Snyder Hall.

**Special credit student:** A student who is taking one or more curriculum credit courses, but who is not enrolled in a specific curriculum.

**Student activity fee:** The fee you pay every quarter that covers activities (cookouts, festivals, etc.), part of graduation expenses, and the student newspaper.

# Academics

## Academic Policies and Procedures

This section contains important information on all aspects of academics at Forsyth Tech. Read it carefully and keep your calendar handy in case you need this information.

### Advisors/Advisees

The advisor/advisee program is intended to help you during your study at Forsyth Tech. You are assigned a curriculum advisor who will help you choose the correct classes for each registration. Your advisor will have office hours posted so that if you need answers to questions or solutions to academic problems, you will have a personal contact. Your advisor will also help you with registration by checking your previous grades, making sure you've met prerequisites, and, **most importantly, signing your scheduling card.** You are totally responsible for contacting your advisor and getting the proper signature for registration. All discussions with your advisor are confidential.

### Class Attendance

You are expected to attend all class, laboratory, shop, practicum, and/or clinical experience sessions. If you miss a session for any reason, you are fully responsible for letting your instructor know why you were absent. Remember that you will have missed instruction, assigned work, testing, or other assignments during your absence. Your instructor will expect you to catch up!

If you are tardy for class, your instructor is allowed to count the tardy toward your total absences. Be sure to talk with your instructor if special circumstances cause repeated tardiness.

Some curriculums have special class attendance. If you are in one of these, you will receive a written notice of the attendance rules by the second class period.

Your instructor can drop you from the class roll if you are absent (or absent and tardy) for more than:

- three (3) hours of class (Note that this would be three 50-minute sessions or two 75-minute sessions or one 3-hour session.);
- two (2) practicum (shop, lab, or clinical experience) sessions which meet for two (2) or more hours;
- two (2) hours of class and one (1) practicum (shop, lab, or clinical experience) session which meets for two (2) or more hours.

\* If a class and a practicum (shop, lab, or clinical experience) meet consecutively, each session missed will be counted as an absence.

It is **always** your responsibility to communicate with the instructor about being kept on the roll if you have missed more than the allowed absences. **NEVER** assume that an instructor will excuse an absence.

**If you miss 25 percent or more of the total class time, regardless of reason, you will not be given a passing grade in that course. Ask your instructor if you do not understand how to figure the 25 percent mark.** Attendance begins on the first session of class, regardless of when you registered, enrolled, or actually attended, and ends on the last session of class.

### Evaluation of Students

Instructors have the full responsibility for evaluating the achievement of their students. Students will be informed in writing no later than the second class meeting of the requirements for the course, teaching and evaluation methods, and how the final grade is determined.

Instructors should identify as early as possible those students who are failing and refer their names to their faculty advisors and counselors.

Forsyth Tech encourages the policy of frequent and varied evaluations throughout a course. Each instructor determines the relative value of each of the evaluative instruments they use. The final examination will constitute no more than 20% of the final grade.

The final authority for assignment of grades is the responsibility of the instructor and the division dean.

## Grading System

Listed below are the number and letter grades used at Forsyth Tech. An example of how to figure your grade point average (GPA) is given on page 11.

| Number Grade | Letter Grade                           | Number of QP's earned per qtr. hr. |

\* You may **NOT** withdraw after the 50th day of the quarter without permission of your instructor.

\*\* A grade of **incomplete** is given only if you have a valid reason for not completing all required work and if you have talked with your instructor before the end of the quarter. There are many rules and restrictions for an incomplete, so see your instructor immediately. An incomplete is not automatically given just because you fail to complete an assignment or a test.

\*\*\* Auditing a class means you pay tuition and fees but you **do not get credit, hours or a grade** for the class. If you need review of course content before taking a class for credit, auditing may be a good choice for you. When auditing, you should do all the reading and work, just as you would if you were getting credit.

You will need a special form to audit a class. Go to the Counseling Center or to the appropriate division dean. You must get the form (with required signatures) to the Records Office before drop/add is over. Once you elect to audit, you may not change your mind past the last day of drop/add.

## Appeal Concerning a Grade (Academic Appeal)

Any appeal of a course grade should begin with a scheduled conference between student and instructor. If the appeal is not resolved at this level, the student should contact and arrange for a conference with the appropriate department chairperson. If the student does not accept the decision of the

**Course Repeat Rule**  
If you fail any required course in your curriculum, you must repeat it until you pass; otherwise, you cannot receive a degree, diploma or certificate. If you fail a course in your major, you should see your academic advisor immediately. If that person is not available, see a counselor in the Counseling Center.

The last grade you earn on a repeat course, whether F or higher, will be your official grade and will be used to figure your GPA. A grade of **W** or **WP** will not be considered a repeat grade. A grade of **WF** will be considered a repeat grade.

## Academic Standing/Probation

Any time your cumulative GPA drops below 2.0, you are placed on academic probation. That means you are given until the end of the next quarter to raise the average back to a 2.0. If you fail to reach the 2.0 level by the end of the next quarter, an Academic Review Committee will review your record. The committee may reduce the number of credit hours you can take; they may require you to repeat courses in which you earned low grades; or they may drop you from your curriculum.

## Appeal of Academic Review Committee

If you want to appeal the decision of the Academic Review Committee, you must write the dean of your division within 24 hours of receiving notification.

The dean will convene the division Academic Appeals Committee which will hear the appeal and make a recommendation to the dean. The dean will make the final decision and notify you, the department chairperson and the advisor in writing.

department chairperson, the student may appeal to the appropriate division dean. The student has the responsibility to provide the dean with a written letter of appeal by the first class day of the new quarter in order for the appeal to be considered. After conferencing with the student, the dean can convene a division Academic Appeals Committee. This committee will hear the appeal and make a recommendation to the dean. The final decision is made by the dean, who will notify the student, the instructor and the appeal committee chairperson in writing. Questions concerning the appeal process should be directed to your instructor, department chairperson or the dean's office.

Your letter should include:

1. date, your name, signature and telephone number.
2. prefix and number of course for grade being appealed.
3. name of instructor issuing the grade.
4. brief explanation of why you feel the grade is incorrect and what you feel the grade should be.
5. any supporting documentation you feel is needed to explain more fully your position on the grade.

Your appeal letter and any supporting documentation will be duplicated for the committee to review.

## Graduation Honors and Awards

Students who have earned a cumulative GPA in their curriculum of 3.50 or above at Forsyth Tech will be granted a diploma or degree with High Honors. Students who have earned a GPA in their curriculum of 3.00-3.499 will be granted a diploma or degree with Honors. A seal of recognition will be placed on the student's degree or diploma, and the student's transcript will be noted to reflect this achievement. To be eligible for Honors or High Honors, at least 32 quarter hours must be completed at Forsyth Tech for those students enrolled in

an associate degree curriculum, and at least 16 quarter hours must be completed at Forsyth Tech for those students enrolled in a diploma curriculum. Only graduates in curriculums leading to a degree or diploma qualify for this academic recognition. Graduates of the curriculums leading to a certificate of completion do not qualify.

## Quarterly Honors

**President's Honors List** - At the end of each quarter, a President's Honors List recognizes those students with a quarterly 4.00 GPA. To be eligible for the President's Honors List, students;

- a) must be approved and enrolled in a curriculum, excluding Developmental Education students, special credit students and certificate students.
- b) must earn a quarterly 4.00 GPA on a minimum of 8 credit hours of curriculum courses.
- c) must have completed all course work for the quarter. Students with grades of "I" will not be eligible.

**Deans' List** - The Deans' List recognizes those students with a quarterly grade point average of 3.50 to 3.99. To be eligible for the Deans' List, students:

- a) must be approved and enrolled in a curriculum, excluding Developmental Education students, special credit students and certificate students.
- b) must earn a 3.50 or above GPA on a minimum of 8 credit hours of curriculum courses.
- c) must complete all course work for the quarter. Students with grades of "I" will not be eligible.

Lists are distributed to the deans each quarter.

## Graduation Requirements (Current catalog has detailed information.)

Students graduate with the course requirements that are applicable at the time they enroll in a curriculum if they remain continuously enrolled until graduation.

Students who withdraw for two or more quarters from a curriculum must graduate with the course requirements that are in effect at the time they re-enroll. Any exceptions must be approved by the appropriate division dean.

You must have completed all requirements for your curriculum and have a 2.0 GPA. You must complete an Intent to Graduate form at least **eight weeks** before your last registration. Forms are available in the Records Office. A \$10 graduation fee must be paid at the time the intent form is filed. The fee and intent form are required whether you plan to attend graduation ceremonies or not.

## Grade Reports and Transcripts

Your grades will be mailed to your permanent address after the last day of the quarter. A transcript of your work is kept in the Records Office. A fee of \$2.00 per transcript is required for an official copy (to schools, employers, etc.) or an unofficial copy (for you). Forsyth Tech will not issue a transcript if you still owe tuition, fees or penalties to the school. We also will not issue your transcript to another party unless you have authorized it in writing.

## What to Do If You Must Withdraw from a Class or School

There is a right way and a wrong way to withdraw from a class or from Forsyth Tech altogether. The wrong way is simply to disappear without officially informing your instructor or the Records Office or Counseling Center. If this happens, your instructor can give you an F in that class, so the penalty is very severe. The right way to withdraw is to tell your instructor as soon as you know you must withdraw or go to the Records Office or Counseling Center and ask for a drop form. If you fill out the form, your official withdrawal date will be the date you filled out the form. If your instructor fills out the form, your official withdrawal date will be the date the instructor records on the form. If you are on financial aid, your official date of withdrawal becomes very important.

If you have to leave school completely--whether temporarily or permanently--you should fill out an official drop form or an end-of-quarter withdrawal form (available from the Counseling Center). If you don't file one of these two forms and you later want to re-enter Forsyth Tech or to transfer to another school, you could be delayed.

If you are a veteran or are receiving financial aid, you must notify the Office of Student Financial Services of your withdrawal.

## Readmission to Forsyth Tech

If you were in good academic standing (GPA 2.0 or higher) when you withdrew from Forsyth Tech, to be readmitted you must **update your application** by contacting the Admissions Office. If you are changing to a different curriculum, you must meet the same admission requirements as any new student.

If you are a former student reapplying for admission, you may be asked to supply the Admissions Office with a letter requesting re-entry, transcripts and/or test scores or to meet special re-enrollment conditions.

If you were suspended for disciplinary reasons, you must contact the dean of Student Development Services to discuss conditions for readmission.

## Registration for Currently Enrolled Students

Around the middle of the quarter, you will see signs on campus about registration for the next quarter. Read them carefully and follow the instructions. If you are a Developmental Education student, make an appointment with your advisor. Special credit students should go to the Counseling Center on the days scheduled for registration. **You are not officially registered, however, until you have paid all fees and tuition.** Payment dates will be posted around campus and given to students when they register. If you do not pay your fees and tuition by the last day of registration, your registration will be voided.

## Transfer Credit

If you have attended another school or college, you may transfer courses that are comparable in content, objective, quality, and credit hours to those at Forsyth Tech by submitting an **official** transcript to the Admissions Office. If you are transferring from a regionally accredited school or one that is a member of the North Carolina Community College System, you may be granted transfer of credit.

You may NOT transfer credit from a continuing education course to a diploma or associate degree curriculum. Also, in most cases, you cannot transfer credit from a diploma curriculum to an associate degree curriculum.

## Transfer to Senior Colleges and Universities

Forsyth Tech's College Transfer curriculum allows you to complete the first two years of a liberal arts college curriculum and to earn either an associate in arts degree or an associate in science degree. With either of these degrees, you can transfer to many public or private senior institutions with full junior-year standing. A minimum GPA of 2.0 is required for transfer credit. No course with a grade below C will transfer.

The Career Guidance Center provides information about senior colleges and universities. **Remember, however, that it is your responsibility to contact the Admissions Office of the four-year college/university you want to attend.** The decision to accept or to reject transfer credit remains with the school to which you are transferring.

## Tuition Refunds

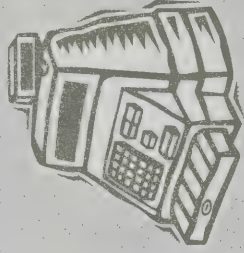

Tuition and supply fees can be considered for a refund. Student activity fees will be refunded only when classes are cancelled. Students must complete a Request for Tuition Refund form in the Records Office when they drop class(es). All requests are reviewed after the 15th class day. Notification will be mailed to the address provided on the form upon completion of processing.

A 100 percent refund shall be made if the student officially withdraws prior to the first day of classes of the academic quarter as noted in the college calendar. Also, a student is eligible for a 100 percent refund if the class in which the student is officially registered fails to "make" due to insufficient enrollment and is cancelled by the college.

After registration day(s) and beginning with the first day of classes, a 75 percent refund shall be made if the student officially withdraws from the class(es) prior to or on the official 20 percent point of the quarter.

In the event a student, having paid the required tuition for a quarter, dies during that quarter (prior to or on the last day of examinations), all tuition and fees for that quarter may be refunded to the estate of the deceased.

## Guidelines for Tuition Refunds

1. Students passing proficiency examinations for courses they have registered and paid for are not eligible for a tuition refund.
2. Refunds of five dollars or less will not be made except for classes cancelled by Forsyth Tech.
3. Fees other than tuition, supply and lab fees cannot be refunded.
4. Tuition is not transferable to other individuals.
5. Late tuition refund requests will not be considered.
6. Tuition Refunds for Adult Continuing Education classes are handled at West Campus.
7. Tuition cannot be held from one quarter to a future quarter.

## Student Financial Services

Forsyth Tech makes every effort, within the limitations of its available financial aid resources, to ensure that no qualified student will be denied the opportunity to attend the college because of a lack of adequate funds to meet expenses. Forsyth Tech believes the primary responsibility for providing educational expenses rests with you and your family. However, if you cannot provide the entire cost and demonstrate need, you may obtain the necessary funds to meet your expenses. Financial aid may consist of a grant, scholarship, employment, loan or any combination of these which is appropriate to your circumstances and which meets your financial need. All financial aid is awarded without regard to race, religion, disability, national origin or gender.

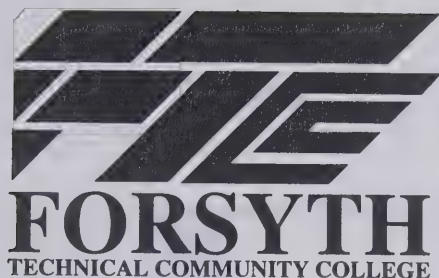

Forsyth Tech is approved for the training of persons eligible for benefits administered by the Veterans Administration (VA). For more information concerning application procedures, eligibility requirements for any type of financial assistance, etc., contact the Office of Student Financial Services. The Financial Aid Handbook containing more detailed information is also available.

# Student Activities

Forsyth Tech offers numerous student activities for you to participate in.

## Student Government Association (SGA)

The Student Government Association promotes interest in student affairs both on and off campus. When you pay your activity fee, you automatically become an SGA member in good standing and are afforded all the rights and privileges of general membership. One of those rights is to apply for membership on the Executive Council of the SGA. The Executive Council administers the student activities budget, plans activities and has the right to vote on SGA issues. The SGA president is a non-voting member of the Forsyth Tech Board of Trustees. Students also serve on several institutional committees. Please find the SGA constitution on pages 31-33 and look it over. If you have any questions about applications, requirements for SGA or any other leadership program, contact the Student Activities facilitator, Ext. 326; the Student Activities secretary, Ext. 509; the recreation assistant, Ext. 356; or the Student Leadership Council office, Ext. 341.

## Forsyth Tech Ambassadors

Students are selected each year to represent the college at a variety of on-and off-campus functions. For more information, contact the Student Activities facilitator.

## Student Leadership Council

The Student Leadership Council is composed of the members of the SGA, the Ambassador Association and the Student Newsletter Staff. The Council members are selected through an application and interview process. Participating students are people who are interested in developing leadership skills to be used in their careers in business, industry or government. Students learn to work together to accomplish a wide range of projects that have a high impact on the college and community.

The Student Leadership council is intended to be a laboratory of development for motivated students. People who get involved find themselves learning, growing and doing things they never thought they could do. This is a program in which students can test their education, experiment with social and group dynamics and make

... changes without fear or criticism.

## Student Clubs/Organizations

If you're interested in joining a club or organization, the following are available. See the Student Activities facilitator for more information.

- Architectural Technology Club
- Data Processing Management Association (DPMA)
- Epsilon Delta Gamma (Law Enforcement Technology)
- F.A.C.T. (Future Advocates for Children's Tomorrows)
- Instrument Society of America
- Literary Club
- Paralegal Club
- Philosophical Club
- Phi Theta Kappa
- Society of Respiratory Care Students
- Student Chapter of the Society of Manufacturing Engineers
- Student Practical Nurse Organization
- Student Nurses Association

## Student Recreation

Student recreation programs are offered through the Student Activities Office. Sports offered are determined by your interest and the availability of faculty coaches. Forsyth Tech typically offers men's basketball, coed volleyball, tennis, men's and women's softball and golf. Teams compete against other community colleges.

Student Activities provides a number of recreational activities that are available for all students at Forsyth Tech. The Student Activities Office is open to ideas and suggestions for recreation activities for students.

The gymnasium on the Forsyth Tech West Campus is not available for use on a regular basis. Arrangements for use of the gym must be made through the Student Activities Office, and all activities must be supervised by Forsyth Tech personnel.

## Student Publications

You are invited and encouraged to help produce Forsyth Tech student publications, which include:

- **Technically Speaking** - This student newsletter is managed and written by a student staff. It provides registration information, a calendar of events, and brief articles about students and staff.

# Student Code of Conduct and Responsibilities

## Code of Conduct

The act of enrollment at Forsyth Tech includes an acceptance by the student of the rules of Forsyth Tech. By enrolling, the student accepts the obligation to assist in making Forsyth Tech an effective place to conduct a learning process and to engage in the pursuit of truth, the development of self, and the improvement of society. Each enrolled student is considered to be a responsible adult, and Forsyth Tech assumes and requires that men and women who enroll in the various programs will maintain standards of conduct appropriate to the status of students at Forsyth Tech.

Forsyth Tech has an inherent responsibility to maintain order on its campus. Therefore, students may or shall be suspended or dismissed for behavior deemed incompatible with the mission, the regulation, or the responsibility of Forsyth Tech, or deemed to be in violation of any of the provisions of the Code of Conduct as set forth herein.

Forsyth Tech recognizes the right of an enrolled student to receive a full opportunity to learn and develop, unfettered by any and all obstacles not conducive to a sound, fundamental educational program. To this end, Forsyth Tech recognizes, declares, and vests certain rights in each student enrolled at Forsyth Tech.

## Student Rights

### A. Legal Rights

All the rights and privileges guaranteed to every citizen by the Constitution of the United States and by the State of North Carolina shall not be denied any student. Further, Forsyth Tech shall adhere to all of the statutes of the United States and State of North Carolina. Forsyth Tech has recognized the Student Government Association as the approved agency to voice students' opinions and speak on institutional policies concerning students' activities.

### B. Rights of the Learner

The instructor in the classroom and in conference shall encourage free discussion, inquiry, and expression. Student performance will be evaluated solely on an academic basis, not on opinions or conduct in matters unrelated to academic standards.

### C. Student Records

1. Students may review their educational records by making a request in writing to the director of Records and Recruitment.
2. Ordinarily, student records will not be available for review by third parties unless permission is first

##### **Rule 5. Assault or Verbal Abuse of Persons Other Than Employees**

A student shall not intentionally cause, or attempt to cause or threaten to cause, physical injury, verbal abuse, harassment, or communicate a threat, or direct any profane language toward any other student or Forsyth Tech guest, visitor, or invitee at any time while such student is enrolled at Forsyth Tech, or while such student is on Forsyth Tech grounds or is attending a Forsyth Tech activity, function, or event held off Forsyth Tech grounds.

##### **Rule 6. Weapons and Dangerous Instrumentalities - NC General Statute 14-269.2**

It is unlawful for anyone to possess any weapon, whether openly or concealed, while on educational property. House Bill 1008: It is a felony to possess or carry a firearm or explosive device on educational property or to aid a person less than 18 years old to possess or carry a firearm or explosive device on educational property. This bill makes it a misdemeanor to cause, encourage, or aid a person less than 18 years old in taking or possessing other types of weapons on educational property. This bill also makes it a misdemeanor for any person who owns or possesses a firearm and who resides in the same premises as a person less than 18 years of age, to store or leave the firearm in a condition that the firearm can be discharged and in a manner that the person knew or should have known that an unsupervised minor would be able to gain access to the firearm. In practice, then, this statute permits prosecution of anyone carrying any dangerous instrument in school, on school grounds, or at any school activity.

##### **Rule 7. Narcotics, Alcoholic Beverages, and Controlled Substances**

A student shall not knowingly or negligently own, possess, use, transport, or be at any time under the influence of any narcotic drug, alcoholic beverage, or any other controlled substance (as controlled substance is defined by the North Carolina General Statutes or 21 U.S.C. subsection 812) while on Forsyth Tech grounds or during the time when a student is participating in any Forsyth Tech activity, function, or event off Forsyth Tech grounds. Use of any drug authorized by medical prescription from a registered physician shall not be considered a violation of this rule. However, students shall be held strictly accountable for their behavior while under the influence of prescribed medicines.

##### **Rule 8. Classroom and Campus Activities**

A student shall comply with all directions of teachers, student teachers, substitute teachers, teacher's aides, Forsyth Tech administrators, or authorized personnel during any time when the student is under the authority of Forsyth Tech personnel. A student on campus shall promptly identify himself to a Forsyth Tech official or campus security officer at all times upon reasonable request. A student shall appear before Forsyth Tech officials or disciplinary bodies when so directed. Any failure by any student to promptly and cheerfully obey or to abide by these regulations in this Rule 8 shall constitute a violation of this Code of Conduct.

##### **Rule 9. Cheating, Forgery, and Related Offenses**

It shall be a violation of the Forsyth Tech Code of Conduct for a student to commit any one of the following acts:

1. Academic cheating, including, but not limited to, unauthorized copying of academic work of another, collaboration for use of notes or books on examinations without prior permission of the instructor.
2. Plagiarism or the intentional presentation of work of another without proper acknowledgment of the source.
3. Fabrication and falsification or the intentional misrepresentation of any information or citation in an academic exercise.
4. Submission of substantial portions of the same academic work for credit more than once without authorization.
5. Abuse of academic materials in the form of destruction, theft, or concealment of library or other resource material of another student's notes or laboratory experiments.
6. Complicity in academic dishonesty in helping or attempting to help another student to commit an act of academic dishonesty.
7. Furnishing of false information to any Forsyth Tech personnel including forgery, falsification, or fraudulent misuse of any documents, records, or identification cards.

##### **Rule 10. State and Federal Laws**

A student shall not violate any state or federal laws while on Forsyth Tech campus or while attending a Forsyth Tech activity, function, or event off Forsyth Tech grounds.

##### **Rule 11. Student Attire Code**

Although Forsyth Tech students may dress informally, cleanliness and neatness of appearance must be maintained. Shirts and shoes are required at all times while the student is on campus or at all times while such student is attending a Forsyth Tech activity, function, or event off Forsyth Tech grounds. Special technical or vocational programs, such as the health

programs, may require special attire codes for clinical or laboratory areas. A student shall not attend classes or laboratory work conducted in the clinical or laboratory areas if such student is in violation of the attire codes for such areas. Attire which would create a safety hazard will not be allowed.

## Rule 12. Involuntary Psychological or Psychiatric Withdrawal

It shall be grounds for dismissal if and when it shall be medically determined that a student poses a threat to the physical well-being of himself or others or if such student has a physical, mental, or emotional condition of such a nature as to disturb or disrupt the normal and usual activities of other persons on campus. A student shall agree to have a psychiatric evaluation when it appears to the satisfaction of the president of Forsyth Tech, or her designee, that such examination is in the best interest of the student, or Forsyth Tech, or both.

Rule 13. **Children are not allowed in classrooms or shop areas during class sessions, nor may they be left unattended** in the library, canteen areas, or on campus grounds.

## Sexual Harassment Policy

Forsyth Technical Community College is committed to promoting an atmosphere in which all members of the college-- faculty, staff, and students--may work free of sexual harassment and provides for an orderly resolution of complaints of sexual harassment.

All members of the college are expected and requested to conduct themselves in such a way that contributes to an atmosphere free of sexual harassment. Sexual harassment of any employee or student is a violation of the policies of the college, as well as state and federal law, and will not be tolerated. Anyone who violates this policy will be disciplined in accordance with appropriate disciplinary procedures.

Sexual harassment is defined as deliberate, unsolicited, unwelcomed verbal and/or physical conduct of a sexual nature or with sexual implications made by any employee or student when:

- A. submission to such conduct is made either explicitly or implicitly a condition of an individual's employment, and academic or student status; or
- B. submission to or rejection of such conduct by an individual is used as the basis for employment decisions or decisions regarding a receipt of grades affecting that individual; or
- C. such conduct has the purpose or effect of interfering with an individual's performance; or creating an intimidating, hostile, or offensive environment in the work place or the classroom.

Any student or employee who believes that he or she has been subjected to sexual harassment in violation of this policy should file a confidential complaint to the dean of Student

Development Services for students; or the dean of Human Resources for employees. An investigation of these allegations will be conducted promptly and appropriate action taken.

Sexually harassing behavior may include offensive sexual flirtation, advances, propositions; continued or repeated abuse of a sexual nature; graphic verbal commentary about an individual's body; sexually degrading words used to describe an individual; and the display in the workplace or on campus of sexually suggestive objects or pictures.

## Reasonable Person Standard

If there is a question as to whether a certain action or statement constitutes sexual harassment, the college will apply to the facts of the case the standard of behavior of a reasonable person in a similar circumstance. As to actions over which reasonable people might differ, if a request to stop is made known, there is an expectation that the offensive behavior should cease or be modified (1991 OCR Policy Memorandum).

## Violation of the Code of Conduct

The following are the degrees of disciplinary action which may be taken as a result of violation of the Student Code of Conduct:

- A. **Warning** - a written notice to the student that continuation or repetition of specified conduct will be cause for further disciplinary action
- B. **Disciplinary Probation**- a written reprimand to the student for violation of a specified rule, which may include exclusion from participation in a class or specified activities for a specified time as set forth in the notice
- C. **Restitution** - reimbursement for damage to or misappropriation of property. Reimbursement may take the form of appropriate service to repair or compensate for damages
- D. **Suspension** - exclusion from class or classes and other student privileges or activities as set forth in the notice of suspension
- E. **Dismissal on Expulsion** - termination of student status for a definite period of time. At the end of this period of expulsion, the student is eligible to apply through the dean of Student Development Services for consideration for readmission
- F. **Other** - other types of discipline as set forth in campus rules and regulations consistent with the incident involved.

**The conviction of a student of a criminal offense involving personal misconduct of a kind, which, if condemned by the college, would reflect dishonor or discredit on the college, shall be sufficient grounds for suspension or dismissal of such students.**

## Enforcement Procedures

Student conduct on a Forsyth Tech campus or student conduct during a Forsyth Tech activity, function, or event held

off Forsyth Tech grounds that violates Federal and/or State and Forsyth Tech regulations may be dealt with in the following manner:

1. The student may be turned over to the civil authority and subjected only to the penalties imposed by that authority; or
2. The student may be subjected to sanctions imposed both by the civil authorities and Forsyth Tech; or
3. The student may be subjected to sanctions imposed by Forsyth Tech notwithstanding the fact that civil sanctions may not be imposed.

## Disciplinary Procedures

### A. Instructional Areas

Any instructor may request a student to leave a class, laboratory, shop, or clinical area when, in the opinion of the instructor, the student's conduct or personal demeanor disrupts normal classroom activities. If the student refuses to leave the class, the instructor may call campus Public Safety for assistance. The instructor, identifying the student and the cause for dismissal from class, will immediately notify in writing the division dean and the dean of Student Development Services of actions taken.

The burden of requesting re-entry to class, laboratory, or clinical areas will be upon the student involved. Request for re-entry must be made to the instructor before the next class meeting. If the instructor decides that the student needs additional counseling before re-entry, the instructor may require that the student meet with the division dean or the counseling staff for further discussion. If the division dean or the counseling staff decides that the student should be dismissed from the class or from Forsyth Tech, the instructor will send a written report (approved by the division dean) to the executive vice president for Instructional Services and the dean of Student Development Services. The dean of Student Development Services will make the decision on dismissal when applicable and dismiss the student. The student will receive oral and written notification of the decision. If a student wishes to appeal the decision, the appeal must be made by writing the Student Appeals Committee within twenty-four (24) hours after receiving the dismissal notice.

### B. Noninstructional Areas

Any employee or student may file a written complaint for disciplinary action against any student enrolled at Forsyth Tech. The Public Safety Office may temporarily remove a student from campus when the student is jeopardizing the safety and security of faculty, staff, and/or the student body; a written complaint must then be filed. The complaint must be filed with the dean of Student Development Services, who will promptly investigate the complaint and make

## Policy on Compliance with the American Disabilities Act

Congress has enacted the Americans with Disabilities Act. The Board of Trustees of Forsyth Technical Community College intends to comply with the requirements of the Americans with Disabilities Act and provide access to education for persons with disabilities as part of the mission of the institution.

The Board of Trustees is committed to compliance with the Americans with Disabilities Act as a priority of the institution. The Board of Trustees has directed the administration to prepare, publish, and distribute a policy to comply with the letter and spirit of the Americans with Disabilities Act and to take prompt action to implement the requirements of the Americans with Disabilities Act. A copy of this policy can be obtained upon request.

Further, the administration shall solicit the involvement of the community and individuals with disabilities in conducting the self-evaluation and in setting priorities for compliance.

The administration shall report to the Board of Trustees no less frequently than every six months on the progress being made towards compliance with the Americans with Disabilities Act.

1. Appointment of at least one individual with sufficient powers, authority, and staffing to oversee compliance with the Americans with Disabilities Act (i.e. Paula Compton, Special Services/Testing/ADA coordinator);
2. Preparation of a comprehensive self-evaluation of all programs and activities of the institution, including employment;
3. Preparation of an institutional budget for the activities of the ADA coordinator, the self-evaluation, and provision of reasonable accommodation or auxiliary aids and services;
4. Other steps deemed necessary by the administration to comply with the Americans with Disabilities Act, unless these pose an undue burden or would result in a fundamental alteration of programs of the institution;
5. Implement procedures for raising awareness of the requirements of the ADA at all levels of the institution, including senior administrators, faculty, supervisors, and staff.

## Infectious Disease Policy

Forsyth Tech is committed to ensuring, as far as possible, that each employee and student enjoy safe and healthful work and/or study conditions. To this end, the college offers the following information for students and employees.

This policy information presents the procedures to be used by Forsyth Tech to protect those students and employees who may be exposed to infectious diseases and bloodborne pathogens. Bloodborne pathogens include, but are not limited to, the Human Immunodeficiency Virus (HIV), which is the causative agent for Acquired Immune Deficiency Syndrome (AIDS), and Hepatitis B Virus (HBV). These procedures are based on written requirements published in the Federal Register (29 CFR 1919.1030).

Persons infected or reasonably believed to be infected with communicable diseases shall not be excluded from enrollment or employment, or restricted in their access to the institution's services or facilities unless medically based judgments in individual cases establish that exclusion or restriction is necessary to the welfare of the individual or the welfare of other members of the institution.

Persons who know or have a reasonable basis for believing that they have an infectious/communicable disease which may pose a threat to others have an obligation to conduct themselves in accordance with such knowledge, so as to protect themselves and others. Accordingly, employees should report this information to the dean of Human Resources, and students should report to the dean of Student Development Services. All information will be kept confidential except to those persons determined by the dean of Human Resources and the dean of Student Development Services as having a need to know. These persons will be informed after the individual is advised that such action will be taken.

It is the further declared policy of Forsyth Tech that its faculty, administration, and staff will conduct a continuing information program for all areas of Forsyth Tech personnel regarding communicable diseases and disabling illnesses.

## Drug-Free Student Policy

Drug use and abuse by students have become an immediate concern in our society. These problems are extremely complex and have no easy solutions.

The users of drugs may impair the well being of all students and the educational environment, and may result in damage to Forsyth Tech property.

Therefore, it is the policy of Forsyth Tech that the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited while on Forsyth Tech grounds. (See Student Code of Conduct - Rule 7: Narcotics, Alcoholic Beverages, and Controlled Substances.)

1. Forsyth Tech does not differentiate between drug

a decision regarding suspension, dismissal, or other disciplinary action. Both the complainant and the student involved will be notified in writing. If the student wishes to appeal the decision of the dean of Student Development Services, the appeal must be made by writing the Student Appeals Committee within twenty-four (24) hours after receiving the notice of the decision.

### Student Appeals Committee

The Student Appeals Committee will hear the appeal of any student after the appeal process has been exhausted at the department and division levels for instructional areas or the dean of Student Development Services for noninstructional areas. The Student Appeals Committee will hear the appeal of any student regarding the following:

1. discipline;
2. dismissal, except for academic standing;
3. admissions;
4. residency;
5. discriminatory practices, including ADA;
6. sexual harassment.

The appeal will be heard under the following conditions within two working days of receipt of the confirmed appeal:

1. The student must submit a written statement containing factual and valid reasons for the appeal to the dean of Student Development Services, who will forward the statement of appeal to the committee chairperson. The chairperson may return the appeal to the student to clarify, to add factual information, or to state reasons for the appeal; the chairperson may reject the appeal if policies and procedures have not been followed by the student.
2. The committee will confine itself to making a recommendation on the appeal question and not on the validity of existing policies of Forsyth Tech. The committee reserves the right to suggest to the president that a current policy be examined for continued value to Forsyth Tech.
3. The committee will submit its recommendation to the president who will make a final decision and who will notify the parties involved.
4. In matters concerning residency classification, the committee's recommendation will be sent to the dean of Student Development Services, who will notify the parties involved of the decision. The next step in the appeal process is to the State Residency Committee. Procedures on state appeal are available in the dean of Student Development Services' office.
5. Records of the proceedings of the Student Appeals Committee are available upon written request to the dean of Student Development Services.
6. The student must obtain special permission from the executive vice president for Instructional Services to attend classes pending resolution of the case on appeal.

## Parking or Traffic Appeal Procedure

1. A request for an appeal of a parking or traffic fine must be submitted in writing to the dean of Human Resources, within seven (7) days of the date of violation.
2. The Traffic Appeals Committee shall consist of three members of the faculty and at least one member of the student body. It shall be the duty of the Traffic Appeals Committee to make a written report to the dean of Human Resources as to each appeal heard and as to the committee's findings in each case appealed. If the committee finds in favor of the student, any fine imposed or paid shall be rescinded or remitted.
3. In the event that an appeal is made under these provisions, the Traffic Appeals Committee shall hear such case upon the original citation only. Students shall have the right to present testimony and witnesses in their behalf. The issues which may be decided by the Traffic Appeals Committee shall be limited to deciding whether there has been a violation of the regulations.
4. The Traffic Appeals Committee shall meet for the hearing of an appeal as directed by the dean of Human Resources. Persons who have an appeal scheduled and fail to appear, after having been duly notified of the time and place of the appeal, will have their appeal denied. There will be no continuance of the appeal unless approved by the dean of Human Resources.
5. All decisions of the Traffic Appeals Committee shall be final.

## Admission of International Students Policy

Forsyth Technical Community College shall admit nonimmigrant international students with proper authorization from the Immigration and Naturalization Service. The college requires all nonimmigrant international students to meet all admissions standards, have proof of adequate financial resources, and have medical insurance before the I-20 or other forms are issued. Procedures for applying and being admitted to the college are available in the Admissions Office upon request. Students applying to Forsyth Tech must have on file all required materials two months prior to enrollment. All admissions materials, including transcripts, must have an English translation. Nonimmigrant international students shall not displace North Carolina residents in those curriculums that have a waiting list. Nonimmigrant international students are required to pay tuition at the out-of-state rate (\$107.50 per credit hour) by North Carolina law. Please contact the Admissions Office for an application packet and requirements.

necessary, or where appropriate, an outside agency such as the Winston-Salem Police Department is contacted for assistance. Other staff of the college, such as the dean of Student Development Services, may also become involved where appropriate.

All complaints are reviewed and, where appropriate, action is taken by the director of Public Safety. Further review and action may be taken through the chain of command, including the president and Board of Trustees.

A Public Safety officer is on duty at all times regular classes are in session.

## Family Educational Rights and Privacy Act of 1974

The Family Educational Rights and Privacy Act of 1974 (FERPA) provides many safeguards regarding the confidentiality of and access to student records.

1. Students may review their educational records by making a written request to the director of Records and Recruitment.
2. Student records will not be reviewed by third parties unless permission is obtained in writing from the student. Exceptions may be made for instructors and administrators if the information is for educational purposes. Exceptions may also be made for parents who claim the students as dependents and for credentialing, auditing, or accrediting organizations. The dean of Student Development Services will make the final decision concerning access to records.
3. Official transcripts will be issued only when a written request is received from the student. Transcripts from high schools or other colleges will not be released.
4. Forsyth Tech does not publish or distribute directory information or any personally identifiable information.
5. Forsyth Tech publishes the names of graduates in the graduation program and in local news media. Names of students attaining quarterly academic honors are also published. Students who do not wish their names published must notify the Records Office in writing of their desire not to have their names published for graduation or academic honors.
6. Authorities with court orders are permitted to review records in the presence of Student Development Services administrative staff.

users and drug pushers, or sellers. Any student who gives or in any way transfers or aids and abets in the transfer of a controlled substance to another person or sells or manufactures or aids and abets in the sale or manufacture of a controlled substance while on Forsyth Tech premises will be subject to disciplinary action up to and including suspension from school. The term "controlled substance" means any drug listed in the North Carolina General Statutes or 21 U.S.C. subsection 812 and other federal regulations. Generally, these are drugs which have a high potential for abuse. Such drugs include, but are not limited to, heroin, marijuana, cocaine, PCP, and "crack." They also include "legal drugs" which are not prescribed by a licensed physician.

3. The counseling staff will conduct quarterly mandatory drug awareness and education workshops for students. Individual counseling sessions and educational materials will be available in the Counseling Center at all times.
4. The counseling staff will include in orientation sessions reference to drug policies, drug awareness, and sources for assistance.
5. The counseling staff will be available to lecture and assist instructional staff with class presentations to help educate students regarding alcohol and other drug use as well as the health risks of drug abuse.
6. The counseling staff will have available referrals for treatment and more extensive assistance.
7. Student Development Services will assess the institutional environment annually by reviewing data from Public Safety, the Counseling Center, instructors, and other community resources to guide program development for students.

## Crime Awareness and Campus Security Act

Staff, faculty, and students of Forsyth Tech are encouraged to report all criminal actions and other related emergencies to the Public Safety Office, which is located in the Carolina Annex. A special emergency number has been established where staff, faculty, and students may dial extension 325 from any campus telephone (excluding public pay telephones) and receive immediate assistance. The special 325 number is publicized by placing stickers on each campus telephone. Pay telephones provided throughout campus locations are available for students to dial 911 for immediate assistance.

Upon receipt of a complaint, a Public Safety officer is assigned to the case. The complaint is documented, investigated, and processed by the investigating officer. If

Some of these changed dates were not available for this publication, and the academic calendar on page 4 of the current college catalog is no longer correct. The complete calendar for 1996-1997 will be available at a later date.
